

Electrical Part for Forklifts

Forklift Electrical Parts - Lift trucks may be purposely marked to be utilized in dangerous places. A marked truck indicates the design has met the lowest requirements of ANSI/UL 558 meant for engine powered forklifts or ANSI/UL 583 for electric lift trucks for the type of label put.

Applications for labeled lift trucks may be found in National Fire Protection Association NFPA 505 - Powered Industrial trucks including: Type Designations, Areas of Use, and Maintenance and Operation. Consult your local insurance provider and Fire Marshall for additional info on the approved uses of industrial powered lift trucks in your application.

If the forklift has been found to meet the outlined standards, the following labels may be placed. A labeled truck would have the type description located on the lift truck nameplate and would have one of the following labels placed.
