

Concrete Hoppers

Concrete Hopper - This attachment is a self-dumping hopper that automatically starts to dump as bumper release touches the side of a dumpster. After unloading is done, the hopper returns to an upright and locked position. This particular piece of equipment even comes with a cable which allows operation from the seat of the lift truck in order to have the option of manually unloading the hopper. There is a locking chain provided to secure the hopper to the tine truck. This particular product is made with reliable and consistent robotic welds for utmost strength. The forklift dumping hopper likewise has a blue powder coat finish so as to maintain durability.
