

Advance-Nilfisk Parts

Advance-Nilfisk Parts - Imagine how tiresome it will be to clean up your house right after throwing a large party, with no help from cleaning machines. In the past, when upholstery and carpets had the dirt beat out of them by hand; brooms, cleaning cloths and brushes were the state-of-the-art cleaning materials during that time.

The man who established Nilfisk-Advance, P.A. Fisker, began as an electrical engineer who really liked to work on electrical motors. After establishing his business during 1906, he started to make motors to drive coffee grinders, fans, machine tools and drills. Mr. Fisker's vision from the beginning was to own an international business selling products internationally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning industry. Mr. Fisker invented a remarkable, ground breaking vacuum cleaner which could be operated by one individual for the reason that it only weighed 17.5 kilos! This invention came in a time where various cleaning equipment were huge and needed at least 4 operators, thus, the Nilfisk C1 changed everything and developed the way we clean forever. The brain behind these first cleaning machines remains unparalleled. Cleaning equipment provide an excellent solution to an existing problem; things get filthy and should be cleaned frequently, without a lot of effort.

Slowly, the business Nilfisk-Advance expanded all through the years. In the early 1980's the company expanded fast when the business became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance ahead within the industry, aiming to be an active worldwide player in producing professional cleaning machines. Nilfisk-Advance is currently found in every part of the globe due to gradually obtaining a lot of smaller businesses to be able to expand their product range and presence in new markets. They are really proud to offer various cleaning solutions to meet each and every need.
